

Lamar Yasir Allahyani

Data Scientist | Data Analyst | Business Analyst

☎ +966508537414 ✉ lamaryasir.allahyani@gmail.com 🌐 lamar-allahyani 🔗 My Portfolio 📍 Saudi Arabia

OBJECTIVE

Data Science graduate with a GPA of 4.00/4.00 and practical experience through internships and a seasonal data analytics role. Skilled in Python, SQL, Power BI, and Machine Learning, with hands-on experience in developing dashboards, predictive models, and data-driven solutions.

PROFESSIONAL EXPERIENCE

Data Analyst | Seasonal, Zimam company | April 2026 - May 2026

- Built and improved dashboards using Power BI and Excel
- Transformed 3+ static daily reports into dynamic Power BI dashboards, enabling real-time decision-making
- Automated report distribution across 25 companies, reducing sharing time by 80%

Business Intelligence Analyst | COOP, King Abdullah Medical City | March 2025 – August 2025

- Developed 4+ interactive Power BI dashboards to monitor KPIs and support data-driven decision-making.
- Transformed and modeled data using Power Query and DAX, creating 20+ calculated measures to improve reporting accuracy.
- Designed automated, interactive reports with drill-through, slicers, and dynamic visualizations, enhancing reporting efficiency.

EDUCATION

Bachelor of Data Science, Umm al-Qura University | GPA: 4.00/4.00 | September 2022 – June 2026

COURSES & CERTIFICATES

McKinsey Forward Program 🔗, McKinsey.org | June 2026

IELTS General Training 6.5 Band Score, IDP Education | August 2025

Data Analysis using Excel, Tuwaiq Academy | August 2025

Microsoft Power BI Desktop for Business Intelligence 🔗, Udemy | July 2025

Programming for Data Science Nanodegree 🔗, Udacity | April 2025

IBM Data Science Professional Certificate 🔗, IBM | March 2025

SELECTED PROJECTS

StanceLens | Arabic Stance Detection on Women's Sports in Saudi Arabia 🔗, Graduation Project

- Developed an Arabic NLP pipeline using 1,348 annotated social media comments.
- Benchmarked 5 AI models, achieving an F1-Macro score of 0.9323.

Mohtat | Road Risk Prediction for Hajj and Umrah 🔗

- Built Random Forest and Deep Learning models using synthetic road traffic data.
- Predicted high-risk locations and visualized results through interactive Folium maps.

Chocolate Sales Dashboard | Power BI 🔗

- Analyzed 1,000+ sales records across six countries through an interactive Power BI dashboard with KPI cards, trend analysis, and geospatial visualizations.
- Built DAX measures and dynamic filters to monitor revenue, orders, product performance, and monthly sales trends.

SKILLS

Programming: Python, SQL, R, Java.

Data Analysis: Pandas, NumPy, Excel.

ML& AI: Machine Learning, Deep Learning, NLP, Scikit-learn, TensorFlow, Transformers (Hugging Face), Prompt Engineering.

BI & Analytics: Power BI, Tableau, Data Visualization, Dashboard Design, KPI Reporting.

Tools: Power Query, Git, GitHub, Jupyter Notebook, VS Code.

Soft Skills: Analytical Thinking, Problem Solving, Communication, Team Collaboration, Presentation Skills.

LANGUAGES

Arabic: Native

English: Professional Working Proficiency | IELTS 6.5
